Sex Male | **Date of birth** 22/07/1996 | **Nationality** Indian

PERSONAL STATEMENT Graduate with strong communication skills and good technical skills in software development. Having an IT experience of 2.1 years and currently pursuing a master's degree in the field of **Communication & Information Technology** in Darmstadt, Germany.

JOB APPLIED FOR Full Time Employment – (From September 1st, 2021)

EDUCATION AND TRAINING

Currently working on Master thesis @P&G for ML Model Development.

01/09/2020-28/02/2021 Intern @ Procter & Gamble GmbH (Kronberg)

Project Details:

- Working on development of a web application using the **Microsoft Power Apps** with the **Sharepoint** as a database and **Power Automate** for the back-end work flow configurations. The application is for the internal use of the company to manage the projects using the own methodology of P&G called as EWP (Engineering Work Process). The overall application development starting from scratch (requirements gathering) to final deployment is being carried out by me alone.

02/09/2019–Present Master of Science in Electrical Engineering and Information Technology (Communications & IT)

Darmstadt University of Applied Sciences (h-da), Darmstadt (Germany)

Major Subjects:

- C++, IoT, Smart Home, Network Security, Information Networks, Mobile Communications, System Driven Hardware Design, Advanced Digital signal processing.

Projects:

- A project on “Smart Home Security”, in which a UI for a windows 10 application is being developed. The main goal of the project is to make a sniffing device capture the secret key of the smart home appliances and itself act as a real device to send data to a base station and there by getting the control over the appliance
- A project using C++ to build a “Audio Player” with IO Warrior as an externally connected hardware to control the Stop/Play and to display the LED lighting based on the amplitude levels of the music played.

Presentations:

- A Presentation on the topic “**Detection & Prevention of Phishing Attack**”
- A Presentation on the topic “**IOT, Machine to Machine Type Communication**”

Curriculum Vitae

23/09/2013–10/06/2017 Bachelor of Engineering

Osmania University, Hyderabad (India)

- was awarded with "First Division with Distinction" in "Electronics and Communication Engineering"
